The Aim of This Assignment	Self Introduction & Course Planning
MU STU ID and FZU STU ID	19103476_831901206

1.Self Introduction

Hello,my name is Cao Siacai.I am studying Electronic Engineering in MIEC, Fuzhou University. I like to stay in my room and play games or watch some interesting videos on bilibili.

2.Skill

Learn C ,C++,python in the previous two years.

Can use Matlab.

3.Shortcoming

Because in the previous study did not take the initiative to supplement knowledge, so I can only write some simple programs.

No systematic understanding of data structures.

4.amout of code

About 500,I hpoe to increase to 1000

5.Course Planning

I hope to improve my programming ability and have a further understanding of data system through this semester. And through the team cooperation in this semester, I can learn how to make simple small programs and have the ability to develop a small program by myself.
